

Product Care

Avoid placing your furniture in direct sunlight and maintain at least two feet between furniture and heat sources. PU/Leatherette are especially sensitive to direct sunlight. To clean the PU/Leatherette Cover, wipe clean with a soft cloth moistened with a Leather Cleaner and Conditioner. Do not use bleach, multi-purpose cleaners, chemicals, water or biological products. To clean the metal parts, use a Stainless-Steel cleaner on the regular basis especially in areas of high humidity otherwise rusting or squeaking may occur. Do not use power tools to assemble this product.
